Press Release

Frankfort Among Safest Cities
In Illinois

According to a recent listing by "Safewise.com", the Village of Frankfort ranked number 41 in its listing of safest cities in Illinois. To make the list, a city had to have a population of over 5,000 as of 2012 and needed to meet criteria regarding both violent and property crimes according to FBI statistics from 2012.

The article commented that "(Frankfort) stays up to date when it comes to public safety and security...". It continued "that impressive record helps Frankfort put on year-round community events…where citizens and visitors can relax and have a good time without worrying about criminal activity".

"Our police department works very hard on safety and security for our residents. They are constantly looking for ways to improve communication to our residents to increase their efforts for a safe community," commented Frankfort's Mayor Jim Holland.
